State and federal laws require us to maintain the privacy of your health information and to inform you about our privacy practices by providing you with this Notice. We must follow the privacy practices as described below. This Notice will take effect on January 17, 2012 and will remain in effect until amended or replaced by us.

It is our right to change our privacy practices provided law permits the change. Before we make a significant change, this Notice will be amended to reflect the changes and we will make the new Notice available upon request. We reserve the right to make any changes in our privacy practices and the new terms of our Notice effective for all health information maintained, created and/or received by us before the date changes were made.

TYPICAL USES AND DISCLOSURES OF HEALTH INFORMATION

We will keep your health information confidential, using it only for the following purposes:

Treatment: We may use your health information to provide you with our professional services. We have established “minimum necessary or need to know” standards that limit various staff members’ access to your health information according to their primary job functions. Everyone on our staff is required to sign a confidentiality statement.

Disclosure: We may disclose and/or share your healthcare information with other health care professionals who provide treatment and/or service to you. These professionals will have a privacy and confidentiality policy like this one. Health information about you may also be disclosed to your family, friends and/or other persons you choose to involve in your care, only if you agree that we may do so.

Payment: We may use and disclosure health information to seek payment for services we provide to you. This disclosure involves our business office staff and may include insurance organizations or other businesses that may become involved in the process of mailing statements and/or collecting unpaid balances.

Emergencies: We may use or disclosure health information to notify, or assist in the notification of a family member or anyone responsible for your care, in case of any emergency involving your care, your location, your general condition or death. If at all possible we will provide you with an opportunity to object to this use or disclosure. Under emergency conditions or if you are incapacitated we will use our professional judgment to disclose only that information directly relevant to your care. We will also use our professional judgment to make reasonable inferences of your best interest by allowing someone to pick up filled prescriptions, x-rays or other similar forms of health information and/or supplies unless you have advised us otherwise.

Healthcare Operations: We will use and disclosure your health information to keep our practice operable. Examples of personnel who may have access to this information include, but are not limited to, our medical records staff, outside health or management reviewers and individuals performing similar activities.

Required by Law: We may use or disclosure your health information when we are required to do so by law. (Court or administrative orders, subpoena, discovery request or other lawful process.) We will use and disclose your information when requested by national security, intelligence and other State and Federal officials and/or if you are an inmate or otherwise under the custody of law enforcement.

Abuse or Neglect: We may disclose your health information to appropriate authorities if we reasonably believe that you are a possible victim of abuse, neglect, or domestic violence or the possible victim of other crimes. This information will be disclosed only to the extent necessary to prevent a serious threat to your health or safety or that of others.

Public Health Responsibilities: We will disclosure healthcare information to report problems with products, reactions to medications, products recalls, disease/infection exposure and to prevent and control disease, injury and/or disability.

Marketing Health-Related Services: We will not use your health information for marketing purposes unless we have your written authorization to do so.
